**ENPRO VERMONT GENERAL MANAGER JEFFREY SIMONE NAMED RECIPIENT
OF 2010 JOHNSON STATE COLLEGE RISING STAR ALUMNI AWARD**

*Awards ceremony to take place at 3:00pm, September 25th, in the performance space
located in Stearns Student Center at Johnson State College*

Newburyport, MA and Burlington, VT – September 21, 2010 – [ENPRO Services, Inc. \(ENPRO\)](#), a customer-focused firm specializing in the management of oil and hazardous waste, is proud to announce that Jeffrey Simone, general manager of ENPRO's office in Burlington, VT, has been named as a recipient of a 2010 Johnson State College Rising Star Alumni Award. The Award is presented to Johnson State College (JSC) graduates from the past decade who have enjoyed considerable early career success and are an inspiration to current students. Nominations are received from faculty, staff and alumni, with final selection coming from JSC President Barbara E. Murphy.

Over the past three decades, the College has looked for nominees who have made a positive impact on their communities, both while in college and in their subsequent careers. As JSC professors Dr. Tania Bacchus and Dr. Les Kanat wrote in their nomination, "Jeff has often come back to Johnson, making presentations to current environmental students about his experiences. He has also helped JSC graduates find employment." Evan Smith, Associate Director of Development and Alumni Relations, states: "Jeff gives us every reason to be proud of his accomplishments and we are happy to have this opportunity to recognize him."

As General Manager and Senior Environmental Scientist, based in the Burlington, Vermont office, Jeff manages ENPRO's services throughout Vermont and New York. He is a key member of ENPRO's emergency response team, keeping a wide variety of specialized response equipment available for immediate mobilization and use 24/7. He specializes in the estimating and managing of complex remediation projects, expanding direct-push drilling service throughout Vermont and New York, and interfacing with environmental consultants and large industry suppliers for technical and waste disposal services. Jeff also provides scientific oversight and review of regulatory submittals for private and public clients.

"I am honored beyond measure to be named as a recipient of this award," said Jeff Simone. "The education that I obtained from JSC has been instrumental in my career, and I admire the continued support of the JSC faculty for students even after graduation.

I look forward to continuing my advocacy of JSC via taking part in admissions events, and by hiring qualified JSC alumni.”

About ENPRO

ENPRO Services, Inc., (ENPRO) is a customer-focused firm specializing in the management of oil and hazardous waste. With over 25 years of industry experience, ENPRO serves a diverse client base from its fully equipped service centers located in Newburyport, MA, Portland, ME, Pembroke, NH and Burlington, VT. ENPRO provides comprehensive environmental services to address virtually any project that requires the professional management of oil and hazardous waste, featuring 24-hour emergency response, waste transportation and disposal, small- and large-scale site clean-ups, technical assessments, equipment rental, and the removal and installation of petroleum/chemical distribution and storage tank systems, as well as a broad range of additional field and technical services. ENPRO is recognized throughout the Greater Northeast region for its depth of seasoned employees and their ability to complete assignments on a turnkey basis using company-owned resources.
